

## RGC-RB Non-Curing Rubber Bitumen Waterproof Coating

### Description

RGC-RB Non-Curing Rubber Bitumen Waterproof Coating is made out of high quality petroleum bitumen, functionality macromolecule modifier and special additives by scientific optimizing method. This product has outstanding croup property, therefore it has the prominent features of self-healing, anti-permeation, anti-water fleeing, fatigue resistance, aging resistance and stress-free etc.

### Advantage

- 1) It is made of rubber, bitumen and auxiliaries, never solidified, non-film forming, non-solvent creeping type paste waterproof material;
- 2) Strong adhesive property with various bases, strong anti-water fleeing ability;
- 3) The coating never solidifies, perfect elastic and plastic property;
- 4) Non-solvent, non-toxic, and environmentally friendly;
- 5) Unique construction workability: Can be sprayed and bladed, one-time molding, no need for drying time.

### Application

1. New and old building roof, basement, bathroom, swimming pool, pipeline, warehouse, bridge, playground and so on.
2. Substrate made of concrete, wood, glass, ceramic, cement mortar, etc.
